

To whom it may concern

Bologna, 14/10/2024

I wish to introduce you Mr. Jannik Wolters; he has recently worked as my assistant during the production of “Tosca” by Giacomo Puccini performed on 1-2-4 January 2024 in “Amintore Galli” opera house of Rimini (Italy).

I had the chance to personally get to know Mr. Wolters and to watch him at working in orchestra and singers rehearsals, also conducting in some stage rehearsals.

In my opinion he is very professionally and talented working both with singers and orchestra, with a deep knowledge and understanding of the orchestral score joined to a solid and expressive conducting technique.

I therefore recommend him for any future conducting opportunities.

Sincerely,

Massimo Taddia

Orchestra Conductor
